NWS LIP- Catchment Area

North West Scarborough Local Immigration Partners – Settlement Strategy Development

- Service analysis through Community Consultation & Demographic research
- Needs assessment through interviews and focus group discussions
- Identification of thematic areas :
 - Improving Welcoming and Information Gathering Process
 - Enable the Community to play valuable role in Settlement
 - Making Service Delivery and Support more Effective
- 16 settlement strategies were developed focusing on the three thematic areas
- Strategies address the different service sectors and accessibility issues

Strategy # 5: Increase access to professional training and employment opportunities for newcomers

Key Activities included:

- Increase opportunities for professional skills development
- Improve working relationship among employment agencies
- Improve access to volunteering and placement opportunities in professional fields
- Increase mentorship opportunities from different professional backgrounds
